Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner indicated that a faxed copy of the reference had not been received after the previous interview. The examiner further indicated that she had not been able to obtain a copy of the reference through the Office because a year or an edition had not been indicated in the response (there are 6 editions for this reference) and therefore it was not clear which edition of the reference the response was discussing. The examiner again indicated that she needed a copy of the reference as the case needed to be worked on and the reference was required for consideration in response to applicant's traversal of the previous office action. Applicant's representative indicated that she would attempt to obtain a copy..
